OS8 Intelligent Control

Chair Yingmin Jia (Beihang University, China)

Co-Chair Weicun Zhang (University of Science and Technology Beijing, China)

Paper Title: OS8-5 Event-Triggered Consensus Control for Nonlinear Singular  
Multi-Agent Systems under Directed Topology

Authors: Lin Li, Tong Yuan, Mei Huang (University of Shanghai for Science and Technology,  
China)

Style of presentation:

*Oral presentation*

ICAROB2024 Conference will be held from February 22 to 25, 2024, Horuto Hall, Oita, in Japan. General Chair & Co-General Chairs will collect abstracts & papers and academic high-quality papers reviewed by 3 reviewers will be published in the ICAROB2024 proceedings.

It is a great pleasure for me to inform you that your paper listed above, after an extensive refereeing procedure, have been accepted for presentation at The 2024 International Conference on Artificial Life and Robotics (A series of ICAROB Proceedings indexed in Scopus and in CPCI-Web of Science).

We are look forward to waiting for abstracts (November 25, 2023) & papers (December 15, 2023) to ICAROB Office (email address: [icarob@alife-robotics.co.jp](mailto:icarob@alife-robotics.co.jp)) URL: <https://alife-robotics.co.jp/indexe>.
