March 15, 2024

Prof. Yi Liu
University of Shanghai for Science and Technology
516 Jungong Road
Shanghai 200093
China

Dear Professor Yi Liu,

With pleasure we would like to invite you as a member of the delegation from Shanghai and give an invited talk on “Creating vortex and vector air lasing” at the 11th Shanghai-Tokyo Advanced Research Symposium on Ultrafast Intense Laser Science (STAR 11) to be held during June 20th and 23rd, 2024 at Nanki-Shirahama Marriott Hotel, Wakayama, Japan.

This is the eleventh of the series of symposia, the first of which was held in Tokyo in 2009, then in Xiamen in 2010. The Shanghai team and the Tokyo team have been taking turns to organize the meeting since then.

This is a formal invitation letter to you, which you may use for obtaining the visa for your entry into Japan. If you need to know any further details, please do not hesitate to contact me at your earliest convenience.

We look forward to welcoming you in Wakayama in June.

With best regards,

Kaoru Yamanouchi
Co-chair, STAR11
Director, Institute for Attosecond Laser Facility
The University of Tokyo
